

Technical preconditions for the use of ILIAS® and Adobe® Connect™

For the use of the continuing education platform ILIAS® a current “standard” PC (or notebook) is adequate. ILIAS® is web-based and therefore also available on all mobile devices via browser. To view some of the e-lectures, however, the support of “Adobe® Flash®” is necessary.

Please remember that to view the e-lectures you will need a headphone or PC speaker and a headset to attend the online meetings.

For the online meetings apply special requirements:

Windows®

- Windows® 7 or higher
- 1.GHz processor or faster
- 1 GB RAM or faster
- Microsoft® Internet Explorer 11 or later; Mozilla Firefox®; Google™ Chrome
- Adobe® Flash Player® 23.0 or later versions

Mac™ OS

- Mac™ OS X 10.11 or higher
- 1.83GHz Intel Core™ Duo or faster
- 1 GB RAM or faster
- Mozilla Firefox®; Apple® Safari; Google™ Chrome
- Adobe® Flash Player® 23.0 or later versions

Linux™

- Ubuntu® ab 14.04 and 16.04; Red Hat Enterprise Linux™ 6; OpenSuSE™ ab 11.3
- Mozilla Firefox®; Google™ Chrome
- Adobe® Flash Player® 23.0 or later versions
- No application support is available for Linux. Users on Linux can attend meetings in a browser.

Mobile Endgeräte (per App)

- Apple® iOS 8.1.2 or later versions
- Android™ 4.4 or later versions
- the App “Adobe® Connect™ Mobile” is available for free at Google™ PlayStore; iTunes®
